• [\\_bintahm3d\\_](#) Dw pll u can get ur cocoa puffs here... on a serious note, I always get questions about food and the lifestyle here.. reality is, we starve about 6/7 days out of the week so pack loads of food, bring a whole suitcase full, pack some chicken and meat too and a mini fridge and a massive solar charger to power ur mini fridge. Also, u need to pack some advil bc I prob just made u prone to heartattacks.. just joshin with ya. Dont be concerned about the food here, we have everything alhamdulillah legit a [#5starjihad](#) and in the end Allah will provide.
